NEVADA STATE NEWS.

The Miser's Dream Mining Company have levied the second assessment of 40 cents per share, delinquent July 31st. The claim is in White Pine county. If the miser's dream were one of riches, he has thus far been disappointed.

The Alps Silver Mining Company have declared a dividend of 40 per cent. payable immediately. Unfortunately the dividend is not in money, but in stock, from which we infer that the capital has been increased from 30,000 to 42,000 shares.

The sickly, one horse bear show, now traveling through the country, and which held forth in Winnemucca, a few days ago, is pronounced by first class judges, to be a first class bill.

On the Fourth the Grangers expect one of the grandest times that ever was witnessed in Paradise Valley. The Granger's Hall and Store House is to be dedicated, and a grand display of grangers will take place.

The Austin Stock Board will file articles of incorporation as soon as they can raise sufficient money to pay the fees. Here is a chance for the charitably inclined to assist a worthy body of men.

The Pioche Journal says that when they commence killing men in that burgh, it is a sign that rich ore is about to be struck in the lower levels of the mines.

The Carson Tribune says since Wells, Fargo & Co., announced that they would pay 8 per cent. per annum on money deposited the amount has much increased. Heretofore parties having money on hand have been in the habit of depositing small sums with boarding house keepers or loaned it out. Knowing the entire responsibility of Wells, Fargo & Co., and being sure of the 8 per cent., they now make a point of depositing their coin at the Bank. It is a great thing for small money holders and seems to be duly appreciated.

Judge Field will open court in Carson to-morrow.

The San Francisco Chronicle has more "cheek" than nine hundred Government mules. Here is its latest specimen—referring to the State Independent ticket:

Our colleague, the Bulletin, although of limited circulation, can render the Chronicle some service in this campaign, and aid us to elect the People's Republican ticket; but it can only do so by preserving its temper and modestly following in our wake without attempting to lead. The Bulletin must remember that although it does not like Bidwell and Pacheco, but had Catlin and Paulsell upon its slate, it is compelled by political events to swallow the dose. We demand of the Bulletin that it preserve an outside demeanor of politeness or we shall be compelled to turn it out of the party altogether.

For years the Bulletin has been, excepting the old Sacramento Union, the leading Independent paper of the State, and now the Chronicle threatens to throw it out of the party. Check is no name for it!

WITH regard to the defalcation of Miller, a San Francisco paper says it is reported that a very small amount of the funds claimed missing were invested in stocks, the greater portion being in ranches and town lots in various parts of the State, and the railroad company have ample security for the full amount of the defalcation, which can all be realized in a short time, and Miller have money left.

THAT two million-dollar postoffice building in Chicago, built under the supervision of ex-Architect Mullett, and nearly completed, has to come down, and so the new architect and his friends have got a good job in prospect. The foundation and the material used are both condemned by the Commissioners who were appointed to make the examination.

TWEED's counsel state that if their motion to quash the criminal indictment does not prevail defense will then try to postpone the case till the 1st of November. Bail in the civil suits will then be reduced to a reasonable figure, and will be easily procured, thus making Tweed free until November, the time when the next criminal calendar trial would come on.

NEVADA MINING NEWS.

In its local mining review, the The Enterprise of yesterday contains the following:

Belcher.
The yield of ore from the upper levels continues to be 500 tons per day, and the ore-breasts shows no signs of any decrease. The repairs of the machinery are nearly completed. The air shaft is giving excellent ventilation to the upper levels. The preparations for stoping out on the 1500 foot level are nearly completed. The north drift thereon to connect with the one South from the Crown Point is making good progress and when completed the ventilation of both mines will be greatly improved thereby. The work of opening up the station at the 1600-foot level is vigorously prosecuted preparatory to prospecting the ore-vein thereon. The sinking of the main incline below this level is making steady progress, the bottom being in good blasting rock.

Ophir.
Most of the time during the past week has been occupied in retimbering the drifts on the 1500 and 1600-foot levels. The main east drift on the 1700-foot level has, however, been pushed ahead regularly, but has encountered no material change in the rock penetrated. The stopes on the upper levels are continuing their yield of 150 tons of ore per day, keeping the mills busy. The new works progress slowly and surely. They will be in readiness when wanted. The stone foundations are massive and solid, and will have plenty of time to become settled and cemented before the machinery is started up.

California.
The prospecting on the 1500-foot level goes on with marked system and regularity. The ore-body is being cut into squares, each side measuring 100 feet. The most of this work has been accomplished. It only remains to continue on No. 5, which is still running in ore of exceeding richness; No. 6, which has not yet penetrated far enough to the east to reach the ore-body, and the lateral drift from No. 4 to No. 5, the face of which is in high-grade ore of very even quality, averaging, as taken from the cars, \$165 per ton. The ore from No. 5 averages \$365 per ton.

Crown Point.
On the 1700 foot level the main east cross-cut is making good progress in prospecting the vein, but has encountered no new features. The mine continues its yield of 550 tons of ore per day, and bears its usual favorable look.

Justice.
On the 800-foot level the drift south is making good progress, the vein matter working out well and yielding good indications. Work on the incline is still going on, and the flow of water is unabated. At the south mine the developments on the 400-foot level are yielding good indications.

Consolidated Virginia.
We repeat, with emphasis, what we said one week ago—when the report first gained credence below that there was a horse in bonanza stable—that there are no particular changes in the development of the mine.

Mexican.
Leading the winze on down from the 1465-foot level, with no important changes in developments.

WHY STOCKS ARE DOWN.

Whenever stocks chance to drop on California street, from any cause, the bears invariably attribute the decline to some defect in the mines. The tumble in Consolidated Virginia last week afforded a good illustration of this fact. The bears circulated a rumor that barren rock had been struck—"in an upraise from the 1,500 to the 1,400-level," one of the papers said—and despite the most authoritative denials continue to play upon the fears of the timid ones with this bug bear. There is a very good reason why the stock market should be sluggish at present. For the past month or two gold has been ruling very high in New York, with prospects of a continuous upward tendency. The latest quotation is 117½, and the San Francisco market is being drained of money. During the past week the shipments of treasure footed up \$1,793,605. Merchants are taking advantage of the high premium on gold to pay off their Eastern obligations, and to do this many of them consider it wise to withdraw their money from mining stocks. Of course there are, under the circumstances, very few investments, and the stock market feels the influence. The bears, however, keep up the cry of the mines giving out, and reap a harvest proportionate to the credulity of the people.—Virginia Chronicle of Friday.

BLOOD WILL TELL.—Saxe Bros. will arrive at Reno on the 3d of July with thoroughbred bulls and heifers (mostly heifers) and stop until the 10th. They offer a part of these for sale. Part credit given responsible parties. Their stock is from Kentucky and best herds. They refer with pleasure to parties who have purchased of them in the past six years. See their advertisement in another column.

ROLL OF HONOR.—The following is the Roll of Honor of the Reno Grammar School for the month of June: Alice Higgins, 100; Emma Gibbs, 100; Rose Wilcox, 100; Flora Northrop, 100; Josie Wintermantel, 99; Rebecca Fredrick, 95; Ettie Lachman, 97; Eva Selby, 98; Gertie Lippman, 96; Hattie Lewis, 92; Carrie Richardson, 90; Allie Smith, 95.

K. OF P. ELECTION.—At the regular convention last night of Amity Lodge, No. 8, K. of P., the following officers were elected for the ensuing term: Chancellor Commander, C. C. Powning (re-elected); Vice Chancellor, John F. Myers; Prelate, E. A. Brown; Past Chancellor, E. F. Reed.

GOING TO THE RENO RACES.—The races commence at Reno July 2d and continue three days. Most of the sports, foot-racers and horsemen, attracted here by our races, are preparing to leave for Reno. Some of them are lightning-strikers from Bitter Creek. There is one fellow in the crowd who can jump over a billiard table, lengthwise, and never bat an eye. Among them are also two of three fast runners, who are traveling for the game. The Renos would do well to keep their eyes peeled.—Enreka Sentinel, June 24th.

PROCLAMATION.—Salisbury & Reynard have their proclamation in this issue, which the public are invited to read. This firm keep the best of all articles in their line, and families in need will find it to their advantage to give them a call. They are constantly receiving fresh accessions to their well assorted stock, and sell so low as must inevitably bring them their full share of the patronage of the public.

ATTENTION is called to the new advertisement of Jos. DeBell, practical watchmaker, No. 31 Virginia street. Mr. DeBell makes the repairing and adjusting of fine watches a specialty. All work is done at the lowest possible price, and warranted. He also keeps on hand for sale clocks, watches and jewelry, and everything in his establishment is placed at the lowest living figures. Give Mr. DeBell a call.

REMAINING in the Reno, Nevada, Office up to June 26th, 1875. If not called for within one month they will be sent to the Dead Letter Office at Washington, D. C.

JUSTICE'S COURT.—In this court yesterday the case of Prosser vs. Ma-berry was argued and submitted. It is a suit on replevin for three horses. Judge Gilson took it under advisement. The Judge also done the same in the case of Hayden & Cain vs. M. J. Howatt.

REV. W. J. CLARK will preach at the Congregational Church, at eleven o'clock this morning, and in the evening at 7 o'clock. All are invited.

DIVINE services will be held in the M. E. Church to-day, at 11 A. M. and at 8 P. M., also Sabbath school at 2 P. M. Rev. E. C. Arnold, Pastor.

THE Pioneer picnic was the event of the season. A man could write a book about it, and then not tell the half.

THERE will be no service in the Episcopal Church to-day.

EL DORADO SALOON.—Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters.

BOOTS AND SHOES, ETC.—It is an established fact that these articles can not be got along without. Hence, it necessarily follows, that in the purchase of them we should not only look to price but to quality, for none of us desire to pay an extortionate price for an inferior quality of boot or shoe. There is no doubt but that John Sunderland can give us complete satisfaction in both respects. Then to Sunderland's, (on Virginia street), we will go, for boots, shoes, slippers, and all goods of that class.

TO ARRIVE.—Rollin P. Saxe, of blooded stock notoriety, has purchased some thirty head of short horns from the best breeders of Kentucky, and will be at Reno in about two weeks, and lay over for the refreshment and rest of his stock, affording a fine opportunity for our farmers to secure such animals as they may need for the improvement of their neat stock.

INTERESTING TO THE LADIES OF RENO AND VICINITY.—The new dress-making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.
